Ramesh Rukshan

BSc(Hons) Computing

Experienced and capable Project Manager with a proven track record of leading cross-functional teams and delivering complex projects on time. Skilled in Agile methodologies, stakeholder communication, and strategic planning, with a passion for continuous improvement in project execution. My additional expertise in development, design, and social media marketing provides a well-rounded perspective, enabling me to bridge technical and business needs effectively.

Work Experience

Technical Project Manager • IQ GLobal

September 2025 - Present | Colombo (Hybrid)

- Managed a diverse portfolio of digital transformation and digital product projects for international clients in the USA, Singapore, Saudi Arabia, and Fiji.
- Led and guided cross-functional teams of 8-20 members, comprising Full-Stack Engineers, Tech Leads, Business Analysts, QA Engineers, and UI/UX Designers.
- Owned end-to-end client communication, from initial requirement gathering and expectation management to final delivery and feedback.
- Managed all aspects of project execution, including project plans, timelines, budgets, resource allocations, and comprehensive documentation.
- Performed dependency tracking and proactively monitored and mitigated risks to ensure project success and timely delivery.

Associate Project Manager • Arimac

March 2024 - September 2025 | Colombo (Hybrid)

- Managed multiple international and local projects concurrently for clients across various states and countries (e.g., USA, UAE, Australia, Kuwait).
- Led cross-functional teams of 5-15 members, including Business Analysts, Frontend, Backend, Mobile, AI, QA, and DevOps Engineers.
- Handled all client communication, requirement gathering, and expectation management for both foreign and local clients, both within and outside the organization.
- Created project timelines, plans, and managed all project documentation, including the review of legal documents.
- Performed dependency tracking and actively monitored and managed risks to ensure successful project mitigation.
- Reported project updates, progress, and status directly to senior management.

Education

Coventry University

BSc in Computing • 2021 - 2025 | In NIBM Sri Lanka.
